

## **Arbor Energy One of America's Fastest-Growing Private Companies According to Inc. Magazine**

Cheshire, CT, November 1, 2008 - *Inc. Magazine* has named Arbor Energy as one of the 5000 fastest-growing private companies in America. Arbor Energy provides high efficiency home comfort solutions for every season including renewable energy technologies that provide social, environmental and economic benefits for its customers.

The 5000 companies that made the list reported aggregate revenue of \$185 billion and median three-year growth of 147 percent. The 2008 Inc. 5000 companies created more than 826,000 jobs since the companies were founded.

To qualify for the Inc. 5000 list, a company must have been in business for at least four years and must have 2007 revenues of at least \$2 million. The list is limited to privately held, for-profit companies based in the U.S. They must be independent business, not subsidiaries or divisions of other companies.

"Arbor Energy is a solid, financially stable company with an eye towards the future", stated Luke Williams, Arbor Energy president. "Being named to the Inc. 5000 proves to our employees and partners that their efforts to create completely satisfied customers have helped us to achieve this important milestone."
